From: piu@dabiotech.net **To:** networks911@gmail.com
Subject: DA Biotech - ESMES Password Retrieval

Your DA BIOTECH ESMES User Account Info.

Username = jake
Password = 1234

Thank you,
DA Biotech PIU Team

Case #B1.1 – User is trying to retrieve password using email address that was not used in the registration.

Case #B2 - User tries to login using the account that was not yet ACTIVATED via email

A screenshot of a web application interface. At the top, there is a yellow rectangular box with a dashed border containing the text: "Account not yet ACTIVE. Please open your email account and activate." Below this box, there is a label "Email Address:" followed by a text input field containing "networks911@gmail.com". Below the input field is a button labeled "Resend Activation Code". Below the yellow box, the heading "Project Control - User Login" is displayed. Underneath the heading, there are two input fields: "Username:" and "Password:". To the right of the "Password:" field is a button labeled "Submit".

User receives email to validate/activate account. (same as Step 3)
